

Photography Workshops For Wildlife & Nature

Photo Workshops for Film & Digital Cameras. People of all Abilities are most welcome.

Nature Trails India organizes Photography workshops & these workshops are suitable for both film and digital cameras. They offer privileged close-up access to animals and birds within the Indian Sub Continent (India, Bhutan & Sri Lanka). You will be given outstanding opportunities to capture realistic "in the wild" photographs of the more elusive species like Tiger, Lion Leopard etc. This will be combined with a Tips and Tuition session designed to help improve your photographic techniques.

Big Cats Photography (Tiger Leopard & Birds)

Indian wildlife at its best!!

We please offer you photography on big cats in Central India, also known as Kipling Country. Rudyard Kipling was very much in love with Tiger Reserves of Central India. He written world famous book the Jungle Book in Kanha National Park.

Nature Trails India will take you on Big Cats Photography in Central India. Places will be visiting Pench, Kanha & Bandhavgarh National Park.

KANHA NATIONAL PARK:

Famous as the last breeding grounds of the rare barasingha (Swamp deer) the tallgrass Meadows provide not only security but also an essential food source. As Kanha's sal and bamboo forest, grasslands and streams support over 20 species, a visit here means you may well encounter gaur (Indian bison), sambhar, chausingha (the only Four-horned antelope in the world), Sloth bear and leopard.

But for all the astonishing diversity in its wildlife population, Kanha is best known as the habitat of the tiger. Sighting and photographing this magnificent animal from elephant back, is an unforgettable experience.

BANDHAVGARH NATIONAL PARK:

Bandhavgarh is set amongst the Vindya Hills of Madhya Pradesh and consists of a core area of 105 sq km and a buffer area of approximately 400 sq km.

The setting for this park is impressive and the ruins of the ancient fort provide a stunning backdrop. Also scattered around the park are archaeological remains of the Kalchin period and numerous prehistoric caves.

The Maharaja of Rewa was the last occupier of the fort and managed the surrounding forest to increase his chances of a good hunt.

The surrounding area was given national park status in 1968 and during the following years has developed into one of India's finest tiger reserves.

In addition to the tiger it is also possible to see chousingha (small Four-horned antelope), chinkara, nilgai, porcupine, hyena, and myriad bird species.
