BANDHAVGARH NATIONAL PARK:

Bandhavgarh is set amongst the Vindya Hills of Madhya Pradesh and consists of a core area of 105 sq km and a buffer area of approximately 400 sq km.

The setting for this park is impressive and the ruins of the ancient fort provide a stunning backdrop. Also scattered around the park are archaeological remains of the Kalchin period and numerous prehistoric caves.

The Maharaja of Rewa was the last occupier of the fort and managed the surrounding forest to increase his chances of a good hunt.

The surrounding area was given national park status in 1968 and during the following years has developed into one of India's finest tiger reserves.

In addition to the tiger it is also possible to see chousingha (small Four-horned antelope), chinkara, nilgai, porcupine, hyena, and myriad bird species.

Morning and afternoon game drives. During 3 days you will have the elephant (morning approximately 3½ hours ; afternoon approximately 2½ hours). This allows you to visit areas of the park further from the road and to spend much more time with the tigers when they are found. On the days when we take the elephant on hire we will be allowed into the park 20 minutes before anyone else, which is better for seeing tracks and trying to catch the tigers on the road in the morning.
